§ Performance presented for Institutional Class links the performance of the Servicing Class of shares from 1/14/00 to 2/1/12 with the performance of this class. The actual annualized since inception return is 41.940%.

Performance quoted represents past performance which does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted. For performance data current to the most recent month end, please call (888) 889-0799, or visit our website at citynationalrochdalefunds.com.

Returns for periods greater than 1 year are annualized.

Investment performance may reflect voluntary fee waivers in effect. In the absence of such fee waivers, total return and yield would be reduced. Fee waivers may be discontinued after January 31, 2018.

* The credit quality breakdown depicts the credit quality ratings of the Fund's portfolio securities that are rated by one or both of two major nationally recognized statistical rating organizations ("NRSRO"). The two NRSROs currently utilized are Standard & Poor's (S&P) and Moody's. When a bond is rated by S&P that rating is utilized. If it is not rated by S&P, the Moody's rating is utilized. When a security is rated by neither, it is classified as "Not Rated". For bonds, these credit quality ratings are shown without regard to gradations within a given rating category. For example, securities rated "AA-" or "AA+" have been included in the "AA" rated category. Long-term ratings are measured on a scale that generally ranges from AAA (highest) to D (lowest).

City National Rochdale High Yield Bond Fund

INSTITUTIONAL CLASS QUARTERLY MUTUAL FUND REPORT

INVESTMENT OBJECTIVE

The Fund seeks to maximize total return by investing primarily in fixed income securities rated below investment grade (“junk bonds”).

INVESTMENT STRATEGY

The Fund purchases a diversified portfolio of fixed income securities of which at least 80% consists of fixed income securities rated below investment grade, including corporate bonds and debentures, convertible and preferred securities and zero coupon obligations. The Fund may also invest in fixed income securities rated below investment grade that are issued by governments and agencies, both U.S. and foreign. The Fund may invest in equity securities. The Fund seeks to invest in securities that offer a high current yield as well as total return potential. In an effort to control risks, the Fund purchases investments diversified across issuers, industries, and sectors. The average maturity of the Fund’s investments will vary. There is no limit on the maturity or on the credit quality of any security.

Investing involves risk including loss of principal. Current and future holdings are subject to risk.

Bonds and bond funds will decrease in value as interest rates rise.

High yield bonds involve a greater risk of default or downgrade and are more volatile than investment grade securities, due to the speculative nature of their investments.
