§ Performance presented for Institutional Class links the performance of the Servicing Class of shares from 1/14/00 to 1/31/12 with the performance of this class. The actual annualized since inception return is 2.530%.

Performance quoted represents past performance which does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted. For performance data current to the most recent month end, please call (888) 889-0799, or visit our website at citynationalrochdalefunds.com.

Returns for periods greater than 1 year are annualized.

Investment performance may reflect voluntary fee waivers in effect. In the absence of such fee waivers, total return and yield would be reduced. Fee waivers may be discontinued after January 31, 2019.

* The credit quality breakdown depicts the credit quality ratings of the Fund's portfolio securities that are rated by one or both of two major nationally recognized statistical rating organizations ("NRSRO"). The two NRSROs currently utilized are Standard & Poor's (S&P) and Moody's. When a bond is rated by S&P that rating is utilized. If it is not rated by S&P, the Moody's rating is utilized. When a security is rated by neither, it is classified as "Not Rated". For bonds, these credit quality ratings are shown without regard to gradations within a given rating category. For example, securities rated "AA-" or "AA+" have been included in the "AA" rated category. Long-term ratings are measured on a scale that generally ranges from AAA (highest) to D (lowest).

City National Rochdale Government Bond Fund

INSTITUTIONAL CLASS QUARTERLY MUTUAL FUND REPORT

INVESTMENT OBJECTIVE

The Fund seeks to provide current income (as the primary component of a total return intermediate duration strategy) by investing primarily in U.S. Government securities.

INVESTMENT STRATEGY

The Fund purchases a portfolio of which at least 80% consists of U.S. Government securities either issued or guaranteed by the U.S. Government or its agencies or instrumentalities. The Fund may also purchase mortgage backed and asset backed instruments issued by the U.S. Government or a government-sponsored agency whose maturity and duration are consistent with an intermediate-term strategy. The average duration of the portfolio is actively managed in accordance with the Fund's Investment Manager's expectations of interest rate changes as driven by economic trends. The average duration of the portfolio will typically range from two to six years.
