Qualified Dividend Income

Qualified dividend income (“QDI”) is taxed at the lower long-term capital gain rates. The mutual fund may pass through any QDI it receives from stocks in the fund’s portfolio. QDI is reported to you on Form 1099-DIV, Box 1b. The QDI amount in Box 1b will only apply to you if you have held the fund for more than 60 days during the 121-day period beginning 60 days before the fund’s ex-dividend date of the distribution. To assist you in determining whether you have met this holding period requirement, the ex -dividend dates for our equity funds are listed in the chart below.

Please keep in mind that due to the beneficial tax rate changes affecting both qualifying dividends and capital gains, you will need to complete the Qualified Dividends and Capital Gain Tax Worksheet in the Instructions for Form 1040 to compute your taxes.

United States Government Interest

Please check with your state or local tax office or your tax advisor to determine whether your state allows you to exclude some or all of the income you earn from mutual funds that invest in direct U.S. government obligations. If so, multiply the income percentage listed in the chart below by the amount in box 1a of your Form 1099-DIV to determine the amount of exempt interest.
